

Dear ACCPAC Plus customer,

After over two decades of exceptional service to small and midsized companies across the globe, ACCPAC Plus is nearing its end.

**On September 30, 2006, ACCPAC Plus will be moved to our discontinued product list.**

As we first announced nine months ago, once the product is discontinued, additional user licenses and support services for current customers will only be available at a premium. New customer licenses will no longer be available. And further payroll updates will not be provided after the end of this year. In addition, we will no longer test for compatibility with new operating systems (such as Windows Vista).

**But, perhaps most urgently, all special promotions to help ACCPAC Plus customers move up to Sage Accpac ERP will cease as of September 30, 2006.**

In the last nine months, we have migrated more than a thousand clients from ACCPAC Plus onto our award-winning Sage Accpac business management solution. If you're not one of these clients...if you're holding out for any reason... NOW is the time to act!

Never before and never again will there be a better time to upgrade from ACCPAC Plus to Sage Accpac. We've got outstanding sales promotions, fantastic data migration tools, and above all, a robust portfolio of features that will have you working so much more efficiently and intelligently that you'll wonder how you ever got along before Sage Accpac. What's more, if you're a Canadian customer, Sage Accpac can help you comply with the new Canadian Payment Association cheque specifications.

Don't wait until the last minute. And don't risk losing the opportunity to take advantage of phenomenal deals on Sage Accpac that are ONLY available to ACCPAC Plus customers and ONLY good through September 30.

Let us help you make your migration to Sage Accpac as seamless as possible. Talk to your Sage Software business partner today, or contact us at 866-869-1240.

Personal Regards,
